Dear Hiring Manager,

I am writing to express my interest in the Business Analyst position at. With a strong academic background in Biological Sciences from the prestigious Indian Institute of Technology, Madras, coupled with hands-on experience in machine learning, data science, and research, I am confident in my ability to contribute effectively to your team.

During my tenure as an ML Engineer Intern at FN MathLogic Consulting Services, I honed my skills in developing Conversational Question Answering Systems using Large Language Models (LLMs). My projects involved exploring LLM memory retention via finetuning methods and implementing Transfer Learning on Microsoft's DialoGPT model. These experiences have equipped me with the ability to bridge the gap between business requirements and technological solutions, a key aspect of the Business Analyst role.

Furthermore, my research experience at IIT Varanasi and ongoing project at IIT Madras have sharpened my analytical skills and enhanced my ability to conduct in-depth analysis to derive actionable insights. I have a strong foundation in statistical analysis, machine learning algorithms, and programming languages such as Python, SQL, and C, which are essential for success in the field of business analysis.

I am particularly drawn to the opportunity at because of its reputation for innovation and commitment to excellence. I am eager to bring my analytical skills, problem-solving abilities, and passion for technology to your dynamic team.

Thank you for considering my application. I am looking forward to the opportunity to discuss how my background, skills, and enthusiasm align with the needs of your team. Please find my resume attached for your review.

Warm regards,
Harsh Sagar
